

Assignment – 1

Hotel Room Booking Form using Zoho Creator

Department of Computer Science and Engineering

Student Name: ABISHEK D

Roll No: 240701013

Application Name: Hotel Room Booking & Front Office Management

Form Name: Room_Booking_Form

Objective

To design and build a functional Hotel Room Booking Form application in Zoho Creator using all thirteen basic fields and generate a report of submitted booking requests.

Screenshot 1 – Form Builder

The screenshot displays the Zoho Creator Form Builder interface for the 'Room_Booking_Form'. The interface is divided into three main sections: a 'Basic Fields' panel on the left, a central form editor, and a 'Field Properties' panel on the right.

Basic Fields Panel: This panel contains 13 field types arranged in a grid: Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, Drop Down, ID_Proof, Number_of_Guest, and Amenities_Required. Each field type is represented by an icon and a text label.

Central Form Editor: This area shows the form layout. The fields are added in the following order from top to bottom: Guest Name (Name), ID_Proof, Number_of_Guest, Email, Phone, Address, Room_Type, Meal_Plan, Amenities_Required, and Special Request. Each field is represented by a blue header bar with its name and a trash icon.

Field Properties Panel: This panel allows for configuring the selected field. The 'Field name' is 'Guest Name'. The 'Field link name' is 'Guest_Name'. The 'Validation' section has 'Mandatory' checked. The 'Display Fields' section has 'First Name' and 'Last Name' checked, while 'Prefix' and 'Suffix' are unchecked. The 'Data Privacy' section is at the bottom.

The top of the interface shows the Zoho Creator logo, the application name 'Hotel Room Booking & Front Office Management', and the form name 'Room_Booking_Form'. The bottom of the interface shows the Zoho Creator logo, the text 'Here is your Smart Chat (Ctrl+Space)', and a 'Trial has expired | Upgrade' message.

The screenshot shows the Zoho Creator Form Builder interface for a form titled "Room_Booking_Form". The form is composed of several basic fields arranged in a grid:

- Name** (Text field)
- Email** (Text field)
- Address** (Text field)
- Phone** (Text field)
- Single Line** (Text field)
- Multi Line** (Text field)
- 123** (Number field)
- Date** (Date field)
- Time** (Time field)
- Drop Down** (Dropdown menu)

The **Field Properties** sidebar on the right shows the configuration for the "Guest Name" field:

- Field name:** Guest Name
- Field link name:** Guest_Name
- View Field References:** (Link)
- Validation:**
 - ☐ Mandatory
- Display Fields:**
 - ☐ Prefix
 - ☒ First Name
 - ☒ Last Name
 - ☐ Suffix
- Data Privacy:** (Section header)

The bottom of the interface shows a status bar with "Trial has expired | Upgrade", "Help", and a "Done" button.

Screenshot 2 – Live Form Preview

The screenshot shows the live form preview for "Room_Booking_Form". The form is displayed in a mobile-responsive layout with the following fields and values:

- Guest Name:** First Name (empty), Last Name (empty)
- ID_Proof:** (empty)
- Number_of_Guest:** 1
- Email:** (empty)
- Phone:** +91 81234 56789
- Address:**
 - Address Line 1: (empty)
 - Address Line 2: (empty)
 - City / District: (empty)
 - State / Province: -Select-
 - Postal Code: (empty)
 - Country: (empty)
- Room Type:** Standard Room

The left sidebar shows the form's navigation menu with "Room_Booking_Form" selected. The top bar indicates "Trial has expired | Upgrade" and "Edit this application".

Room_Booking_Form

Room_Type * Standard Room

Meal_Plan * ☐ Room Only ☐ Breakfast Included ☐ All Meals Included

Amenities_Required -Select-

Special Request

CheckInDate * dd-MMM-yyyy

Preferred_Checkin_Time HH:mm:ss

Agree_To_Hotel_Policies * ☐ I agree to the hotel's policies and cancellation terms

Submit
